Mr. Milt Abel
375 NW 3rd Avenue
Canby, Oregon 97013

Dear Milt:

It is a pleasure to provide a letter of recommendation for your services subsequent to your performance at the Associated Oregon Loggers, Inc. 38th Annual Convention.

First, I appreciated the time you took to learn about our organization and the inquiries you made about our industry, the issues important to us and the members of the association. Your research was certainly reflected in the performance you customized for our audience.

You certainly lived up to your reputation for delivering a hilarious performance. The performance was certainly suitable for all audiences and, as we had some children in the room, I know our members appreciated the use of material suitable for all ages. In this day and age, it takes unique talent to deliver a very funny performance without resorting to profanity or off-colored humor.

I would certainly recommend you to any business oriented association or corporate audience looking for a refreshing, brisk and humorous presentation.

Sincerely

Jim Geisinger
Executive Vice President
Associated Oregon Loggers, Inc.
